Appendix A – Development recommendations

Putting patients and citizens at the heart of our joint working

- A clear system-wide vision and narrative for 2022/23
- Our framework for achieving and sharing benefits

Reaffirming our shared delivery commitments

- Reviewing workstreams including through an inequalities lens
- Establishing our roadmap for delivery in 2022/23

Holding ourselves to account

- Delivering broader engagement with primary care
- Reviewing our local partnership agreements
- Re-launching our shared governance structures by April 2022

Developing our shared culture

- Establishment of a clear and shared organisational development plan
- Developing our programme of integrated education and training
