

Appendix E Brent Health Matters Criteria

- A charity/CIC/Voluntary organisation describe and pitch their projects that will address health inequalities areas around any of the following areas:
 - Raise the number and level of engagement with faith, voluntary and community organisations covering a wide range of groups
 - Reduce impacts of Covid-19 in the community
 - Raise uptake of vaccinations and health screenings
 - Increase awareness of both statutory and community support services, including mental health and primary care services.
 - Increase the number of people registered with a GP
 - Increase referrals to support services
 - Support the path towards reducing the long term health conditions
