Costa

I am writing to thankyou for all your efforts.

As you know I stay every week in you lovely hotel and I use your kitchen and bar facilities.

What I am thanking you for is when you started the 'Open Mic nights' I was a bit concerned about the noise, as it may affect my sleep, as my room is directly above the band on the first floor.

You assured me that they conclude at 23.00 hrs and your builders have improved the sound proofing.

I am very happy to say you have honoured your word and my nights go undisturbed as I have work in the following mornings.

So many thanks for your consideration and actions, good luck with your venture as it seems to be a great asset for the local communities, which come together from all walks of life and have a fun evening.

Regards

Please note if important please call me as I am on site a lot and may not see the e-mail.
