-  **Martin Wood**  further to my visit on Friday we visited the premises and have since had a meeting and discussion with the business owner. We are advised the premises will soon revert from a club-like premises to a lounge. We have explained that music noise and noise from revellers - especially >11pm - must not cause nuisance to neighbours. We have reminded the same and his manager of their duty to prevent nuisance but, I must say, I am not quite sure they appreciate the gravity of the situation. Please report any further noise through the app. Recordings >11pm would be evidentially more helpful. You are also able to report on Friday - Sunday evening between 6pm - 2am via 02089371234. 19 Jan 2022 4:11pm

Thank you for using the Brent Noise App. Can you confirm if this is a one off issue or an ongoing issue? We decide what action to take based on the scale of the problem, how frequently it happens, who is affected by the noise and how. Qualifying 3 or 4 separate nuisance-level incidents within a 4-week period is required to open an investigation. Infrequent noise incidents will be logged for monitoring but no further action will be taken. Should the issue continue please use the noise app to document your findings.
