

I have been to the VIP Lounge on numerous occasions since its opening in 2019. As a result of having good experiences at their events as well as, feeling safe and secure with the security and Management, I went on to book the venue for my own birthday. This was a paint and Prosecco party which was well organised and met all my expectations. As a result I had an amazing celebration and would recommend the venue to any of my peers.

Kind regards
