

Alfa Internet

Hello, I am [REDACTED] owner of Alfa Internet on Wembley Park Drive. I have known Mr Rahman for 5+ years. He is a popular man of good character and has a good nature.

He has a several barber shops and a bar and restaurant also in Wembley. I have never heard of anything bad associated with him and his businesses. He has always helped other shop owners, customers and those in the local community.

He really cares about things and does thing properly, following all guidelines, rules and regulations and in fact supports other businesses to do the same. He is a very hardworking individual, who I cannot fault in any way.

Yours Sincerely
