Hi,

We are *NOT* satisfied with the applicant's response and we maintain our strong objection to the use of the back garden.

Regards,

I don't agree with the reply for the owner of the restaurant,

The noise pollution will ruin the lives of the people who live in Residential property on both Chevening Road & Keslake Rd.

We experienced this previously and it was unbearable.

Please do include me with regards to the meeting which I will make additional comments,

Regards

Am afraid this does not solve the issues I have raised at all.

Those premises have been used as restaurant and bar over many years but they have NEVER used the outside space as it would cause huge issues for all the surrounding residents.

The noise would mean I would not be able to use my own garden, [REDACTED]

[REDACTED] - they are proposing to have an outdoor restaurant right by my bedroom window ?

This is just not acceptable. I bought my property as an [REDACTED] to be a quiet space, and the proposed licence would hugely affect my use of my own property.

It would also compromise my privacy as my garden would no longer be private.

As well as noise, there is the issue of people smoking outside which would be a health issue for me.
