## 1.0 Purpose of the Report

1.1 This report presents the updated Risk Register for the Brent Pension Fund Pensions Administration Service.

## 2.0 Recommendation(s)

2.1 The board is asked to note the overall report including the key changes set out in section 3.5.

## 3.0 Background

- 3.1 Effective risk management is the foundation of sound corporate governance and for the LGPS the focus should be on all aspects of the scheme's operation, not just investment matters. Having a strategy and register in place is a way for the scheme manager to identify and manage scheme risks and it is considered good practice to have a strategy and register in place alongside established reporting mechanisms.
- 3.2 Using guidance from The Pensions Regulator and CIPFA, together with Brent's internal risk management resources, a process was undertaken in 2018 to produce a risk management strategy that was unique to Brent's circumstances. This involved a workshop that identified all of the relevant risks, assessed those risks in terms of likelihood, understanding risk management and contingency planning, monitoring risks and documentation in a register.
- 3.3 It is recognised that risk management works well when the administering authority, the Pension Board and employers work together. All parties then understand each other's capacity and appetite for risk. Key elements of this strategy were discussed at a working party set up with the scheme manager, administrator and select employers for feedback and comment. The current Risk Strategy is attached to this report in Appendix 2 and it is proposed to review this later this year.
- 3.4 It has been agreed in previous Board meetings that the Risk Register would become a standing agenda item at these meetings, with new risks and any changes to classifications of risks being reported to the Board.
- 3.5 Key changes to the Risk Register:
- No new risks have been added.
- 3.6 There have been other changes made to the Risk Register at Appendix 1 to keep the document up to date. The changes are:
- Item 2.1 – update to the comment;
  - Item 5.5 – risk re-named to impact of future pandemics;
  - Item 9.3 – update to the comment;
  - Item 9.11 – update to the comment;
  - Item 9.6 – update to the comment;
  - Item 9.6.1 and Item 9.6.2 – update to the comment;
  - Item 9.7 – update to the comment;
  - Next review dates are continually updated.
- 3.7 The Board is asked to notify the scheme manager if it disagrees with these classifications and present any new risks that they would like to be considered.
- 3.8 The revised Risk Register is attached at Appendix 1 and it is proposed to present any changes or updates to this document to the Pension Board at every meeting.
