

Dear Mr Robbin-Coker

Thank you for your email and the additional information provided. This does not change the fundamental reason for my objection, namely my concerns regarding noise nuisance and the potential impact on local residents. As a result I will not be withdrawing my objection to the event.

I can appreciate that this is frustrating for you in light of the arrangements you have made to organise this. As you were advised our recent conversation you will still have the opportunity to have the issues you raised considered by the Licensing Committee who will make the final decision on whether you are granted a licence.

The next hearing is scheduled for Wednesday 12th December 2012 in Brent Town Hall Chambers at 7pm. Further details regarding the arrangements for this will be forwarded to you in due course.

I hope that this assists you to take the steps necessary to progress this.

Many thanks

Jennifer Barrett

Subject: RE: TEN Granville Plus Children Centre Granville Centre: EH Objection

Dear Madam Barrett,

Thank you very much for your e-mail correspondence of 6/12/12.

The Licence applied for is on behalf of The Leone Association holding their 31st Annual Pre-Xmas fund raising dinner & dance. The Leone Association (Motto: Originate & Emulate All Good Things), whose main objectives are honourable and charitable i.e. (1) to promote education and health (2) to relieve poverty and sickness. Proceeds from this event (as from past events) go to charity e.g. blind school, sickle cell anaemia, diabetes, etc etc.

The organisation has always conducted its business with dignity, decorum, consideration for all concerned and compliance with all relevant dictates. The Granville Plus Centre was hired in September - deposit paid and final payment made since October from which time we have been making all necessary arrangements/preparations such as inviting of guests and catering plans.

The following conditions were highlighted (a) that the guests should use the Carlton Vale entrance (b) that in order to keep the noise level within acceptable and regulated constraints, a noise limiter has been installed (c) that guests entering and leaving should do so with minimum noise so as not to disturb neighbours (d) security arrangements should be put in place.

We intend to adhere and comply as we have always done in the past in various halls in all boroughs. The concerns expressed in your letter are points which have always been taken into

consideration and addressed successfully.

We crave your indulgence and give assurance of a problem free event in order to meet your approbation.

Thank you.

Yours sincerely

S.E.Robbin-Coker
President of the Leone Association

Subject: TEN Granville Plus Children Centre Granville Centre: EH Objection

Dear Mr Robbin-Coker

TEN Granville Plus Children Centre Granville Centre: EH Objection

Further to your application for a Temporary Event Notice for 22-23/12/12 please find attached a memo outlining my concerns. In short, I have raised objections to the application on the basis that this is likely to have a detrimental impact on local residents and cause a public nuisance. The premises are currently unsuitable for this purpose and further sound insulation works are required to make the premises fit for this purpose.

Kind regards
Jennifer Barrett
