

RE: Jackman's licence review ,

Dear Sir/Madam,

I live directly opposite Jackman's at 276 Neasden lane. I regularly shop at Jackman's for beer and cigarettes. I feel council has targeted this small business in this case. I believe Jackman's are a responsible business. I have seen Mr Seelan refuse sale to street drinkers and for people without ID.

I believe they have done everything in their power to reduce street drinkers and antisocial behaviour. And now for the last few weeks they have stop selling alcohol, but the problems mentioned on the notice are still ongoing hence proving the innocence of Jackman's. I believe the main perpetrator for the crimes and antisocial behaviours are caused by the casino next to my house and in the bookies further down the road. Often men in large group gather around these establishments and nuisance.

I hope you take my statement into consideration in the premises review.

I have attached few pictures of men loitering and with beer cans in front of bookies and casino in the last few days.

Yours truly,
