Subject: RE: New premises licence application 29981 - Alperton

To whom it may concern,

As one of the Councillors for Alperton ward, I am writing to oppose the granting of a New Premises License for the following business:

Name of Premises: Indulge

Address of Premises: Kitchen 11, 26A Abbey Manufacturing Estate, Mount Pleasant, HA0 1NR

Application Details:

Licensable Activity	Days	Times
Late Night Refreshment	Sunday – Thursday Friday - Saturday	23:00hrs to 01:00hrs 23:00hrs to 03:00hrs

Residents, who live close to the Manufacturing Estate, have shared with me their concerns about having another business offering late night refreshments.

There is the potential for a further increase in local traffic and noise from customers and delivery drivers visiting the premises and disturbing residents.

Also, there is the potential for the disposal of food packaging and cans/ bottles in the street and surrounding areas thereby causing additional distress to residents.

In view of these potential difficulties to the residents, I do not see how the residents would benefit from the granting of this application and would therefore urge you to reject it.

Kind regards,

Cllr Anton Georgiou
