6. Policy Considerations

Policy 1 – Process for Applications

Conditions on the licence, additional to those voluntarily sought/agreed by the applicant, may be considered. Conditions will focus on matters which are within the control of individual licensee and which relate to the premises or areas being used for licensable

activities, the potential impact of the resulting activities in the vicinity. If situations arise where the licensing objectives may be undermined but cannot be dealt with by the use of appropriate conditions the Licensing Authority will consider whether it is appropriate for a licence to be granted or continue to operate.

7. Determination of the Application

Members can take the following steps when determining a new premises licence application:

- grant the licence;
- exclude from the scope of the licence any of the licensable activities to which the application relates;
- refuse to specify a person in the licence as the premises supervisor;
- reject the application
