Subject: Licence Application Number: 33442, 416 Ealing Road, Wembley HA0 1JQ

Dear Business Licensing Team,

I certify that I have considered the application shown above and **I wish to make representation** that the likely effect of the approval of the Temporary Event Notice is detrimental to the Licensing Objectives with regards to the prevention of public nuisance. Representation is made on the grounds that the application is likely to give rise to public nuisance from:

- Airborne entertainment noise at noise sensitive hours
- Noise from patrons exiting the premises

Supporting Information and discussion

There are a number of residential properties along Burns Road, Cromwell Road, Cromwell Court and Ealing Road whereby residents may be affected by noise at noise sensitive hours. The premises is of a warehouse-type structure, primarily metal in composition and therefore offering little by way of sound attenuation. Noise from loud amplified music and amplified vocals is likely to cause considerable disturbance to local residents.

History of complaints

The nuisance control team have received complaints from local residents regarding noise from loud amplified music from events at the premises at noise sensitive hours. Residents have also raised concerns over parking by patrons in local streets. The car park serving the premises is relatively small and there is a likelihood that patrons may park in residential streets causing noise disturbance as they arrive and leave the area at noise sensitive hours.

In our opinion, the premises is unsuitable as a venue for functions providing regulated entertainment at the proposed hours and therefore, we are recommending that this application is **refused**.

Kind regards,

Diane Lewis
