Dear Ma'am

Thanks for your email. I hope you and other concerned authorities will consider my application sympathetically as the sole purpose of the application is to keep the business running and survive in today's tough economic conditions. I have no intentions whatsoever to promote alcohol sales. The only and sole purpose is to survive and keep contributing to the economy instead of being a burden on it by going bankrupt and making employees redundant and making our regular customers suffer.

Thanking you in anticipation.

Warm Regards

Shamoon Chaudhary

Dear Ma'am

It was great to speak with you over the phone on Wednesday. As per your instructions, please find attached herewith the pictures of the shop, I have also attached the existing shop diagram and a proposed one too. I have also attached the quotation from builders to refit the shop which will show you that it's going to cost me a substantial amount as well, in addition I have attached a petition signed by several local residents and we are still expecting more signs in the next few days. We have been assured by a lot of residents to write down to the council to support our application too and most probably some of them will attend the hearing to support our application too.

Please let me know if you need anything from me and also please let me know how long do we have to submit the petition with further signatures we are expecting from local residents and regular customers?

Thanking you in anticipation.

Warm Regards
