Resident Support

Supporter 1

This is a great opportunity to make the area a destination, to support the local economy, community spirit, and safety by bringing in positive community activities into the park which will deter unsavory and criminal activities and individuals.

Supporter 2

This is a very good opportunity for the community to get together, and also for the more under-represented demographic (e.g. East Asians) to showcase their cultural practices. Having a community event such as this will also mean that relationships can be closely fostered within the area, especially amongst the residents. There is a lot of positivity to be had out of this, given that the Northwick Park area is prone to anti social behaviour.

Supporter 3

I was very excited to hear about this proposal. This will be a wonderful event for different cultures to come together and will mean a lot to the East Asian community and beyond. My young nieces would love to see this event go forward, so this message of support is for them too. How I wish something like this happened when I was younger and growing up in Brent. Representation matters!!!

Supporter 4

I'd like to support this incentive. It will boost the local economy and will be an exciting addition to the community. Music and the arts is always a positive thing.

Supporter 5

Another venue for entertainment around this area must be a good thing to promote the area
