Subject: Re: New Premises Licence application 33831 - Alperton

Dear Brent Licensing team,

I hope this finds you well.

As the locally elected Councillor in Alperton, I am writing to oppose this application.

I believe proceeding with this license would have a detrimental impact on residents in the area, as it would further contribute to ongoing issues around antisocial behaviour - particularly street drinking and the associated littering of empty cans and bottles.

Local residents are consistently raising concerns about the impact this has been having on them and their added safety concerns as well.

I will await further updates on this application.

Thank you for your time and consideration.

Best wishes,
Hannah
