

I object on the basis of the prevention of crime & disorder and prevention of public nuisance. I am a local resident who has complained for over a decade on the loud noise emanating from premises until the early hours of the morning and have been regularly been woken up from the violent fights outside the premises from the patrons of the shisha lounge. The shisha lounge intentionally creates a nightclub like atmosphere to attract people, who then in turn engage in violence, criminality and anti-social behaviour, which has a detrimental effect on the safety of local residents and enjoyment of there premises. I am not surprised by the tragic death of a young man as I always thought this was inevitable due to the atmosphere created and the management regularly disregarding compliance with the licensing conditions on a range of issues. I therefore, would support their license permanently suspended.
