Subject:

To whom it may concern,

below is an exert that i found on a local facebook page that is being shared to the council tomorrow .

Tiger bay / Carlton lounge have one of the worst people either running or looking after / managing the business .

i have never been to a place where such violent behaviour is allowed, bullying and out right NO concern for any issues that arise in the premises itself.

Its actually shocking how its been allowed to be open for so long , there has been shooting (gun related violence) stabbings and so many GBH incidents that have taken place outside the venue probably leading on from a problem that has been caused inside the premises and the most recent a MURDER that could have been avoided if this place was shut down a long time ago I write this as a person who has previously visited the business and honestly . If this stays open , good luck to the Kingsbury/brent community.

Kind Regards

A concerned civilian

Dear Licensing Team,

Subject: Request for Confidentiality – Representation Regarding Carlton Lounge (Tiger Bay) I am submitting the attached representation in support of the review of the premises licence for Carlton Lounge (Tiger Bay), 232–234 Kingsbury Road, London, NW9 0BH.

Due to the serious nature of the incidents associated with this venue and the fear of potential retribution, I respectfully request that my personal details be withheld from the premises licence holder and any other parties not directly involved in the licensing authority's internal process.

As a local resident, I am deeply concerned about the ongoing serious incidents linked to this venue, including criminal activity, anti-social behaviour, and consistent late-night disturbances. These have had a direct and damaging impact on the local community, creating a heightened sense of fear and unease among residents. There have been multiple occasions of violent disorder, noise nuisance, and other behaviours that clearly breach the licensing objectives—particularly those relating to the prevention of crime and disorder and the protection of public safety. The presence of this venue in its current state has significantly deteriorated the quality of life for people living nearby.

The fact that people feel unsafe speaking out should be of grave concern and further supports the need for urgent and decisive intervention.

I strongly urge Brent Council to consider revoking the premises licence or imposing stringent new conditions that will prioritise the safety, peace, and wellbeing of the community.

I understand that under the Licensing Act 2003, representations usually need to be attributed to named individuals. However, I ask that you exercise your discretion under your powers to protect the identity of persons who may be at risk, and treat this representation with the appropriate level of confidentiality.

I would appreciate written confirmation that my identity will be protected in this process.

Thank you for your consideration.

Yours sincerely,

A Concerned Local Resident
