Subject: License review

Hi,

I am writing in regards to the incident that occurred on May 18th 2025 on Kingsbury road.

From my understanding I know that this altercation began from within the lounge known as: Tiger Bay.

I am horrified to know that this lounge failed to apply their usual legal requirements when permitting individuals into the lounge which is necessary to do so within the early hours.

From reports of the police , it was written that little to no help or intervention was done by the security of this lounge to prevent the sudden altercation rather they had just kicked them out without warning the police.

I find this disturbing knowing what this breach of care later led to.

As a resident of this area , it makes me feel very unsafe as I'm sure others feel the same.

It is shameful to let such a dangerous place remain open regardless if they add on further measurements which they might think will help however, I can assure you that after a while they could lose control again.

If you look to make Brent a safer place for everybody you would take into consideration families and children who live in this area where these situations can easily affect them.

It shouldn't be taken lightly that a young man's life was taken on this day of may 18th, rather should be used to show the public that you will choose to make the appropriate decision in order to prevent future tragedies like this to occur.
