Subject: TigerBay

Longstanding Supporter of Tiger Bay & Carlton Lounge

I've been going to both Tiger Bay and Carlton Lounge for over 12 years now. These places aren't just venues to me—they've been part of countless memories with friends and family over the years. Birthdays, catch-ups, casual evenings, even just somewhere to relax after a long week—they've always been reliable, welcoming, and safe.

I've seen how both venues have evolved and improved over the years, and I've always been impressed by the professionalism of the staff and the efforts made to keep everything running smoothly. Security is always present, there's structure and order, and guests are treated with respect.

When I heard about the recent incident, my first reaction was concern—but I honestly don't think it's fair to connect that to how these venues are run. It's easy to point fingers, but anyone who's actually spent time at either place knows they take safety and responsibility seriously.

Both Tiger Bay and Carlton Lounge do more than provide a good night out—they give people in the community a place to gather, unwind, and enjoy themselves in a respectful environment. Taking that away would punish the many for the actions of a few.

I stand by both venues and the teams who work hard behind the scenes. They've earned their place in our community, and they deserve continued support, not scrutiny.

Kind Regards

A Arjan - Greenway, HA3 0TT
