Dear Licensing Team,

I'm writing not just as a member of staff, but as someone who has grown up at Tiger Bay a place that has genuinely shaped the person I am today.

I've worked at Tiger Bay for over nine years, alongside my professional career as a biomedical scientist. Despite the demands of that field, I made a conscious choice to stay here because this venue is more than just a workplace to me. It's family. It's home.

Tiger Bay took me in when I was still finding my feet, and over the years, it turned me from a boy into a man. I've learned so much here —not only about responsibility and professionalism, but about people, about community, and most importantly, about the importance of public safety and accountability.

We take our licensing objectives incredibly seriously. From day one, staff are properly trained and inducted to understand what's expected not just legally, but ethically. We're reminded constantly that safety, respect, and compliance come first. That's our culture. That's who we are.

We go out of our way to care for both our patrons and our neighbours. We serve a multicultural crowd, welcoming people from all walks of life, and we're proud to be a space where different communities can come together peacefully and positively.

I sincerely hope you'll take into account how much Tiger Bay means to those of us who have committed years of our lives to building something safe, respectful, and community-focused. We don't take this responsibility lightly it's everything to us.

Thank you for your time and consideration.

Warm regards

U Alam - manor way, ha2 6by
