Meeting Record

Item	Action
5. Committee Updates FO asked that the SACRE determination be ratified. She explained that this was discussed at the latest curriculum committee. Every five years, a determination must be applied for in the event that collective worship in line with Christian faith is not offered. This will allow collective worship to be based on other religions. This was last done in 2019.	

AT asked what would change. FO confirmed that daily worship must be Christian, and assemblies of other faith cannot be completed.	
---	--

Governors approved the submission of the SACRE determination of multi-faith worship.
