<b>6.</b>	<p><b>Policy and Compliance</b></p> <p>i) SACRE redetermination.</p> <p>Ms Notay explained that community schools are able to apply for a determination from the local SACRE board, that exempts them from the statutory duty to provide a daily act of broadly Christian worship. Collective worship can be made more relevant to the demographic of the school. This determination has to be renewed every five years and she asked the governors if they would approve the reapplication.</p> <p><b>There was unanimous approval. Ms Notay will submit the forms to SACRE for the next meeting of the panel.</b></p> <p>The following policies had been shared on Governor Hub, all having only minor changes. <b>The governors unanimously approved all of these policies as presented.</b></p>
