1.0 Executive Summary

1.1 The purpose of this report is to inform members of the committee and provide an update on the provision of the LGPS online learning facility.

2.0 Recommendation(s)

2.1 The Pension Fund Sub-Committee is recommended to note the report and continue the learning programme as outlined in the training timetable.

3.0 Detail

3.1 Contribution to Borough Plan Priorities & Strategic Context

3.2 The work of the Pension Fund is critical in ensuring that it undertakes statutory functions on behalf of the Local Government Pension Scheme and complying with legislation and best practice. Efficient and effective performance and service delivery of the Pension Fund underpins all Borough Plan priorities.

3.3 Background

- 3.4 In November 2024, the government published their Fit for the Future consultation, which proposes several new measures to enhance governance, particularly the training of members involved in overall strategic direction of local authority pension funds. A key proposal is the requirement for administering authorities to publish a governance and training strategy, which would replace the Governance and Compliance statement. This would outline the authority's approach to governance, knowledge and training, representation, and conflicts of interest and be reviewed once per valuation period.
- 3.5 Currently, there are no statutory requirements for committee members and officers to maintain appropriate knowledge and skills specific to the LGPS or to undertake training of any kind. By contrast, members of the local pension board do have a statutory duty to have appropriate knowledge and skills.
- 3.6 The government therefore proposes to require that committee members should have the appropriate level of knowledge and understanding for their roles, and that the requirements for pension committee members and local pension board members should be aligned. This aims to ensure that committee members possess the necessary knowledge and skills to effectively fulfil their roles. The outcome to consultation confirms that the government intends to proceed with the proposals in this area.
- 3.7 To work towards this, the Fund has subscribed to the LGPS Online Learning Academy (LOLA) which is a service launched by our actuaries, Hymans Robertson. This is an online platform designed to support the training needs of Pension Fund Sub-committee, Board and other responsible officers in the Council.
- 3.8 The course includes eight training modules and covers all the key areas to successfully manage the running of the Fund, including:
 - Introduction to the LGPS and role of elected members
 - Governance & Regulators and Business Planning
 - LGPS administration, including policies and procedures, accounting and audit
 - LGPS valuations, funding strategy and LGPS employers
 - Investment Strategy, pooling, responsible investment, and performance monitoring

Current issues in the LGPS

3.9 As well as delivering training support, the LOLA platform tracks the progress of users and provides a record of activity, which is included as a standing item in each Committee and Board meeting. The table below shows module progress for each member of the Pension Fund Sub-Committee as at 31 August 2025.
