Dear PC McInnes

Thank you for your letter and I appreciate your visit to our shop on Saturday Night.

I came back while you were at the store.

As I said on that day I went for an urgent visit to my home as wife was not well. I work on Saturdays to manage the store. The staff in charge has completed the personal license holder course successfully and personal application to be processed. I was available for you on your visit and I'm available in 10mins from my home.

I'm not justifying I'm sure you will understand this was a rare situations.

I will ensure all conditions on the license complied all times, if not I'll close the alcohol sales.

Thank you.

Regards

Shivanthakumar Bastianpulle
