Good morning Jaz,

Thank you for your prompt response.

As such, given the below agreement regarding the conditions, I confirm that I have no objections to make against the premises licence application.

Edwin Maldoom

Licensing Enforcement Officer

Good afternoon Jaz,

Happy new year, I hope you are keeping well.

As you may recall, I am the delegated officer for the Licensing Authority, authorised to exercise its statutory function as a Responsible Authority under the Licensing Act 2003. We've previously corresponded regarding similar premises licence applications for Barnham Park, Roe Green Park, and King Edward VII Park over the last couple of years.

Having carefully reviewed the premises licence application and the supporting Event Management Plan, I don't have any overall concerns regarding this premises licence application. I would however be most grateful if you could let me know if you would consider taking on the attached proposed conditions to form annex two of the premises licence. I don't believe the ones I have put forward are that dissimilar to the information set out within the initial EMP – I have just translated them into workable conditions that I believe are proportionate, justifiable, and capable of being met.

Of course, you are free to accept, amend or reject the attached annex two conditions. It's important to find the right balance between promoting the four licensing objectives and having conditions in place that work for you. With that said, if you do reject all the proposed conditions and no mediation can be found then I would most likely submit a formal representation against the premises licence application.

As you are aware, there is only a 28-day consultation period for premises licence applications. Therefore, I have had to tie some of the conditions into the current EMP and BSAG. I'm mindful that the EMP is an ever-evolving document with further BSAG input and perhaps the current EMP might not be fully reflective of the finalised EMP.

Many thanks,

Edwin Maldoom
