I object to this bingo hall on the following grounds: Protecting children and other vulnerable persons from being harmed or exploited by gambling: Reference the proximity to local schools, foodbanks and the high footfall of minors at this junction. Preventing gambling from being a source of crime or disorder: Highlight concerns regarding anti-social behaviour often associated with late-night high-street gambling hubs including shoplifting. Ensuring that gambling is conducted in a fair and open way: (Usually less applicable for residents, but can be used to question the operator's transparency).
