

07-04-2026

We don't want more adult gaming centres or gambling establishments on our high road  
Social issues in Brent and particularly this vicinity continue to spiral out of control.

Gambling is a key contributor to the decline and problems. There are already too many locations where gambling can occur. This is not needed and if allowed will only cause further problems and harm to vulnerable people. This will subsequently cost the council more than would be raised via rates and taxes.
