

14-04-2026

The increased levels of anti social behaviour in and around Willesden Green including drug dealing, street drinking, sexual assaults, vagrancy and crime mean that yet another gambling facility in the area is not a good idea. We pay council tax and deserve to feel and be safe in our local area. The area has more than its fair share already and nothing has been done to counter the issues these have caused including our community being mugged, assaulted and even murdered. Enough is enough as a voter and tax payer I object and want more from my council.
