

26-04-26

I strongly object to this gaming center as it doesn't give any moral or constructive value to the high street. It will take advantage of vulnerable local residents. Brent Council should not be encouraging gambling shops as it is offering an addictive temptation to local residents. The high street does not need a gambling shop. It needs shops that add a positive offering such as a cafe or a bookshop. Please don't bring more gambling shops to Brent.
