

26-04-26

We do not need another gaming centre in Brent! These places are exploiting vulnerable people and children in our neighbourhood, and this site in particular is close to a number of schools, a food bank etc. It is likely to increase anti social behaviour in the area even further, making it feel even more unsafe for residents walking home from the tube/bus. Homelessness and anti-social behaviour is on the rise in Willesden Green and we should be supporting local people, not furthering it by exploiting the most vulnerable.
