The granting of this license will add to the antisocial behaviour already noted in the accompanying documents, and cause further upset to local people. A large number of children walk around the area as they proceed to and from local schools, coming from Willesden Green station. Or the bus stops close by. The list of schools has missed out the 2 closest ones, The Convent of Jesus and Mary infant school in Park Avenue, and St Mary Magdalens Junior school, in Linacre Road. The pavement outside this premises is bounded by a barrier, it is right by a busy road junction where many wait to cross the roads. Allowing this license will add to gambling facilities in the area which may lead to more problem gambling and therefore further antisocial behaviour including shoplifting. It is also likely to add temptation to other vulnerable people.
