Good afternoon Jaz,

Thank you for your prompt response.

Given the below agreement regarding the attached conditions, I can confirm that the Licensing Authority have no objections to make against the premises licence application.

Many thanks,

Edwin Maldoom

Good morning Jaz,

Thank you for sending that across.

Having carefully gone through the premises licence application and the supporting Event Management Plan, I don't have any overall concerns regarding this premises licence application. As such, I would however be most grateful if you could let me know if you would consider taking on the attached proposed conditions to form annex two of the premises licence.

Of course, you are free to accept, amend or reject the attached annex two conditions. It's important to find the right balance between promoting the four licensing objectives and having conditions in place that work for you. With that said, if you do reject all the proposed conditions and no mediation can be found then I would most likely submit a formal representation against the premises licence application.

Many thanks,
