Subject: RE: Corner Shop Reopening - Wazir Food and Wine, 97 Dudden Hill Lane, NW10 1BD

Dear Licensing Team,

We are writing to raise significant safeguarding concerns following the reopening of the shop and to formally request that the College's concerns are given full consideration as part of the current licensing review, with a view to revoking the premises licence.

The College is situated in close proximity to the premises and has a responsibility to protect the safety, welfare and wellbeing of its students, staff, and the wider college community.

We have had to respond to concerns involving local residents and students regarding the anti-social behaviour in and around the shop. The recent reopening of the premises has therefore heightened our concerns regarding the potential safeguarding risks and the possible impact on the local community.

The College has a significant population of vulnerable learners, including 110 mainstream students with Education, Health and Care Plans (EHCPs) and a further 60 students with special educational needs and disabilities (SEND).

We have a duty to ensure that appropriate measures are in place to safeguard these students and protect them from potential harm and/or exploitation within our locality.

Given our proximity to the premises, we believe these concerns warrant serious consideration by the Licencing Team.

We request that the Licensing Authority takes these safeguarding concerns into account as part of its review and gives careful consideration into our protecting students, staff, and the wider community.

We will compile a more detailed report setting out the concerns, relevant observations and supporting information. We will submit the report ASAP.

We would be grateful if this correspondence could be formally recorded and considered as part of the review process.

Kind Regards

Diana Brown(she/her)

Assistant Principal for Student Experience
Deputy Strategic Safeguarding Lead
