(supply witness details on rear)

This statement refers to an incident which occurred on 07 September 2013 involving my son and his friend.

I am the above named person and am making the statement to assist police.

I am the mother of a 13 year old boy. It came to my knowledge that my son has been going to the shop on Salusbury Road NW6 called 'Mace' and been buying alcohol from there. This came to my knowledge due to an incident which occurred on 07 September 2013 after which my son admitted to buying alcohol from the shop.

I have discussed this with my son as I am concerned about his well being. He told me that he has purchased alcohol from this shop on about 25 occasions previously. He told me that he and his friends pooled money to buy alcohol and are all about the same age as him. He told me that he has been served by all the staff who work in the shop. He also said that he has been questioned by staff and his replies state that he is under age but they have still served him. He has also told me that he has bought cigarettes from the shop. I am worried that this problem will continue

I have made this statement to assist the police with their investigation and am not willing to attend court. I wish to remain anonymous and at no point do I wish for my details to be revealed due to a risk of other parties knowing who I am and fear of possible reprisals.
