PC 231293 688QK H HADLEY

PRIMARY INVESTIGATION DETAILS : 1 Immediate action
CAD 6209/20MAR15 refers. PC 688QK HADLEY and PC 500QK GRIFFITHS in attendance.

VIW1 was sitting inside the bar that he owns facing the bar preparing for some functions at the venue later that evening. He heard the side entrance door bang and thought it was the chef going to the loo. He suddenly felt a blow to the back of his head and turned round thinking that someone was fooling around. He realised that there were three SUSP's standing there and he realised he had been struck over the head with a bottle (exhibit GDG/1) He was then grabbed around the neck and thrown to the floor. One of the suspects then tried to strike him over the head with another bottle (taken from scene by SUSPS) which VIW1 ducked. A kick was aimed at his head which he blocked. He then got to his feet at which point all three SUSP's ran from the venue out of the side door pursued by VIW1 out of the side door and into the beer garden. VIW1 lost sight of them as they turned left out of the beer garden and ran along WAKELING LANE.

VIW1 had a minor cut to the back of his head and LAS stated that no treatment was necessary due to the minor nature of it.

PRIMARY INVESTIGATION DETAILS : 2 Scene

Scene not necessary as nothing of any forensic value noted at scene. VIW1 noted that the SUSPS did not touch anywhere in the venue. DS SALTER and PS 45QK LADMORE both spoken to from venue and advised no scene.

PRIMARY INVESTIGATION DETAILS : 3 Forensics

Exhibits seized:

GDG/1 - Seal: MPSPD44017498 Smirnoff Vodka Bottle used to strike VIW1 over the head.:

GDG/2 - Seal: MPSF00134095
White shirt with blood spots on it belonging to VIW1.

GDG/3 - Seal: MPSA20442567.
Due to the necklace possibly being grabbed from Mr Devshi's neck, a wet swab was taken from Mr Devshi's neck. I

GDG/4 - Seal: MPSA20442568 Part of necklace belonging to VIW1 believed taken by SUSPS.

HH/1 - Photographs of injuries and scene taken by 688QK and exhibited in MG11 in case file.

HH/2 - Elimination DNA sample from VIW1 taken and exhibited as HH/2

PRIMARY INVESTIGATION DETAILS : 4 Victims/Witnesses

No communication issues.

It is believed that the suspects entered and exited from the venue via the rear garden which leads on to the service road Wakeling Lane. Next to the venue is Pasture Road.

Door to door carried out.

[REDACTED] saw nothing but has CCTV which covers the pathway next to the venue. The homeowner Mr [REDACTED] is unable to review the footage as does not know how to use the system. It is unknown if this has captured any footage. He is happy for police to attend and download any footage.
No1 Saw nothing.

Enquiries were made on Wakeling Lane
East Lane Tyres were mentioned by the victim as possibly seeing the suspects before and after the incident. On police arrival the Tyre shop was closed.
The shop at [REDACTED] on to Wakeling Lane. There is a roller shutter door. To the right of the shutters is a small camera. Enquiries were made with the shop. The cashier stated that the manager [REDACTED] only has access to it. He would be in the following day and would check it for police.

PRIMARY INVESTIGATION DETAILS : 5 Suspects

It is unclear what the motive for the attack by the SUSPS was and if the gold neck chain that was taken was a motive for the attack or opportunist.

VIW1 stated that he may have seen the SUSPS around the area before but could not be sure. He said he would recognise them by their eyes again.

First descriptions as per CAD '3x susps all wearing masks'.

PRIMARY INVESTIGATION DETAILS : 6 Other evidence

concealing his identity. They appear to all be wearing gloves given the contrast against their clothing.

The bottle that was recovered has limited forensic potential. This bottle is described as being old as if from outside. As this is a old bottle from a bar it is likely to have been handled by multiple people.

* CLOSING REPORT *

All lines of enquiry completed at this stage and the suspects cannot be identified. Victim cannot recognize the suspects again and as their identities were concealed WADS is not viable. Licensing have made additional attempts to obtain footage from teh victim to no avail.

VIW has been unable to supply the CCTV from inside the bar for this matter.

I have reviewed the footage from [REDACTED] The footage shows a male in a white hoodie taking a bottle from the shelf. This bottle is recovered but he is clearly wearing black gloves so there are no forensic ops. His face is covered and the hood up so he is not identifiable. There are no distinguishing marks or logos on the hoodie.

The footage at the rear yard shows three males walking away. Again they are concealing their identity. They appear to all be wearing gloves given the contrast against their clothing.
