I am Police Constable 368QK Michael Sullivan; I am currently attached to the Brent Licensing team.

On Wednesday 26th August 2015 I was conducting enquiries into an incident that took place on the 23/08/2015 at the Gwalia Workingmens Club, 99 club Manor Park Road, Harlesden NW10, where police were called to a large disturbance of people fighting.

Police received three separate calls regarding the fight which by this time had spilled outside onto the pavement, CADS 755, 758 and 767 refer, these calls were received between 01.12 and 01.13 hours, on police arrival they were greeted by a large group of travellers who were mostly very intoxicated, one male was found with blood coming from a head wound but refused to tell officers how he had got his injuries and he also refused any medical treatment. People within the group informed officers that they had attended a function that had been held inside the Gwalia club and trouble started inside and ended up with people fighting outside as the function was ending. No arrests were made as no one wanted to make any allegations of any offence, and police removed one of the fighting groups away from the area to prevent any further disturbance.

I called the Chairman of the Gwalia club, Mr Brian Simmons to ask him what had happened and to ask him why no Temporary Event Notice had been submitted for the event, on speaking to him he stated that there was no function at the club on that night and that the only people inside the club were members, I explained to him that I was aware that an event had taken place, to which he replied 'whoever told you that is lying' I then asked him if he could supply me with a copy of the clubs CCTV for that night, to which he said 'its there if you want it I don't know how to work the CCTV and won't be at the club tonight' he then hung up.

I then phoned the people who had called police on the night to see if they could give me any further information as to what happened.

I spoke to a female who wanted to remain anonymous as she is a local resident and feared for her safety, she stated that she was woken from her sleep by the noise, when she looked out of her window she saw a large group fighting and one male on the floor with lots of blood coming from his head, she stated that this was a regular occurrence and that this was about the fifth time this year she had witnessed large groups of people fighting outside the club, but this time she called police as this fight seemed more serious than the ones before. I then called another one of the callers and explained to her why I was calling, she stated to me that she called police when the fight started and that it was her engagement party which was being held at the Gwalia Club, she went on to say that her mother had booked the club and had put down a £500 deposit on the venue to cover any damage caused, which they had not got back, she went on to state that near the end of the night a fight started between people in her group and a few things got smashed, the fight continued outside the Club and she feared for the safety of some of her group as there were children present.

The third caller was spoken too and stated she was passing by and saw a large group of people fighting and called the police, she did not know the area and could not really give me anymore information.

PC Hayes has also provided me with a statement as he was one of the officers that attended the venue; he clearly states in his statement that he saw people that were involved in the disturbance going in and out of the Gwalia Club, and people involved in the incident had told him that they had been in the club for an function.

On Saturday 22nd August 2015 I was on duty in uniform. I was posted as driver in a marked police vehicle. My call sign for that night was QK 21 nights with PC CARTMAN 517QK. While on routine patrols a call had come out over the radio that there was large fight in the street on Manor Park Road, NW10.

It was approximately 01:10 hours on the 23rd August when this call was made to police. (CAD 745/23AUG15 refers).

Upon arrival I would estimate about 20-30 people in the street. The group consisted of males and female, from children to grown adults.

There were a handful of people with blood on their face and as police were trying to establish what had gone on.

No one at the location would explain why people had blood on them or who had caused the injuries.

During conversation with the group (who all declined to give any details) they stated that they had been in side the club, pointing to Gwalia club on the corner of Manor Park Road, NW10. By this point we had tried to separate two distinctive groups who were pointing and shouting at each other.

The calmer group, who had now moved somewhat down into CHARLTON ROAD, NW10, had confirmed that the party was in GWALIA pub and that they had all been in there celebrating an engagement party. The group had also confirmed that they were part of the Irish travelling community, who did not live in the Brent area. The other group, who had now started to walk back towards the GWALIA and go inside, were from Brent area and also part of the Irish travelling community. The calmer group then started to worry that the other group would come back out of the Gwalia club and come back to fight them. I distinctively remember one female say to me 'IF YOU DON'T GET US OUT OF HERE. IT WILL BE BIG TROUBLE. THEY DON'T CARE ABOUT YOU, THERE ISNT ENOUGH OF YOU TO STOP THEM. PLEASE GET US OUT OF HERE.'

Therefore to prevent any further fighting or put any officer's at risk we took as many of the calmer group via

police vehicle's to a cab company in Willesden. This was to get them to a place that they would not be seen or potentially a further fight breaking out.

No one would confirm any offence's that had taken place and they would not give any personal details.

A couple of the male within the calmer group were very intoxicated. He required a male and female to help him walk as he was that unsteady on his feet, he had been drinking too much and was unable to support himself. He was a risk to himself if he did not have any of his friends or family to help him.

The group were suitably advised that people needed to go home and stop drinking. Also if any of the injuries got worse or needed medical help then to call for an ambulance.

One male had his shirt off and he was very unsteady on his feet. He would have to hold on to a vehicle or fence as he walked along, again having had too much alcohol.

The group that went back towards Gwalia club, had then started to disperse, some of them had walked directly out of the pub and were getting into vehicle's park just outside or directly opposite. There were no issues or concerns that the driver's were not drunk, however the passenger's again were falling about the place.

It would appear, in my opinion, that this party was very alcohol fuelled and this is why the fight broke out. Too much alcohol was consumed in an insensible manor. The fight then spilled out into the street causing members of the public some fear and concerns for people's safety. I believe that there were a number of call's to the location due to the fight. I gave regular updates via the control as to what was going on. Once the peace had been restored police left the location with no other incidents.

Our ref:

Police objection to the Temporary Event Notice for Gwalia Working mens Club, 99 Manor Park Road, Harlesden NW10 4JU.

I certify that I have considered the notice shown above and **I wish to make representations** that the use of the premises for the temporary event would undermine the crime prevention initiative, for the reasons indicated below.

Officer: PC Michael Sullivan 368QK, Licensing Officer

An authorised officer of the Metropolitan Police, in whose area the premises are situated, for the purposes of exercising its statutory function as a 'Responsible Authority' under the Licensing Act 2003.

A Temporary Event Notice has been given under section 100 Licensing Act 2003 by Mr Brian Simmons, received in this office on Thursday 27th August 2015. The Police are formally objecting to the notice under section 104 Licensing Act 2003. The Police objections are concerned with the crime and disorder, public safety and public nuisance.

The notices is to allow for the use of the premises for a Christening on the 11th September 2015, for 100 persons from 18.00 until 00.00, the licensable activities are for the sale by retail of alcohol, the supply of alcohol by or on behalf of a club to, or to the order of, a member of the club and the provision of regulated entertainment.

Police are objecting to the application for a Temporary Event Notice (TEN) at this venue. Police have serious concerns around the management of these premises,

The Gwalia Club has been the location of recent breaches to its existing club licence resulting in alcohol related violent crime, a number of its customers have been involved in these or contributed to alcohol fuelled anti social behaviour in the vicinity of the premises. The management of Gwalia are obstructive to police in trying to sort out these problems.

Police have been in regular contact with committee member Mr Brian Simmons to make him aware of the breaches and the need for upholding the licensing objectives. During a meeting with Mr Simmons he admitted that they cater for Traveller functions and have a couple a month on average. He takes £500 Deposits off them and if they cause any damage he takes the money from that, he went on to say that if they start fighting he shuts the bar and doesn't

call police, and just lets them fight it out, he does not employ any security. On 22/08/2015 the venue was booked by non members for an engagement party, no TEN was submitted. During this event a large fight started inside the venue and then spilled out into the street, police were called by local residents and partygoers to assist with the disorder, one male had a large amount of blood coming from a head injury.

On Wednesday 26th August I called Mr Simmons to ask him about the fight and the fact that no TEN had been submitted, he stated that there had been no function at the club and the trouble outside had nothing to do with the GWALIA.

Due to the above information I fear that if this event is allowed to go ahead that there will be an increased risk of crime and disorder at the location and that the applicant is not in a position at this time to reduce that risk.

Police reserve the right to give evidence on any further incidents which may take place at, or in the vicinity of the premises, between the service of this application and the hearing and/or during the time allowed for any appeal proceedings.

Yours sincerely

Dear James

Further to our meeting at the Gwalia Club, can I ask for the following information to be supplied to me.

1. A list of the club Members
2. The rules of the Club
3. A list of the Committee members
4. Notes from the last Committee meeting

Please find attached a copy of the Licence, there are a number of conditions that the club need to be abiding by, and the first one that jumped out at me was the condition regarding their CCTV, can you please make sure that all the conditions on the licence are being complied with.

Can you confirm that the matters discussed at the meeting will be in place for this Saturday nights
