BEST would like to register its objection to the granting of a licence to sell alcohol (both on and of the premises) at the above.

Firstly we are not clear why, if as stated the premises is to be a restaurant an off licence is required?

Secondly this change of use is against the interests of the local residents as it have a negative effect in terms of noise and ASB.

Currently the premises is a local shop selling food and vegetables. Changing this to a restaurant / off licence open till midnight result in increased noise, drunkenness and associated ASB.

We want such establishments to remain on the Kilburn High RD not in residential areas.

BEST
