Subject: RE: The Goodship Kilburn 289 Kilburn High Road NW6 7JR

Dear John,

Thank you for your quick response. I understand that what customers do outside of your premises on the public highway is not within your SIA staffs remit however it is important to remember that it is your pub/club opening late that is drawing some undesirables towards your premises so in hindsight it is somewhat yours and your staffs responsibility to ensure that you do everything within your powers to remove them from the vicinity of your premises.

If you find that you are having difficulties removing such people, please contact your local police for help and advise. Please ensure that every incident that occurs inside or directly outside your premises is recorded/logged. If nuisance continuous outside of your premises, your licence will be at risk of a review.

The fight that you referred to earlier today, was it in relation to your premises?

Please do let me know what time the CCTV will be ready for collection.

Kind regards

Hi Lavine, hi everyone else. I am copying Nick Mortimer and my Bar Manager Steve and Assistant Bar Manager Sam in too. Plus Omid who is the head of our security company.

I can absolutely assure you that we do not have lock ins at the bar Lavine. On the odd occasion the staff might stay behind and have a drink after a long shift and we often do not finish up til near 5am so sometimes people want to wait until it is a bit lighter before they go home. As you will be aware there are a lot of difficult people around Kilburn High Road and for whatever reason it has been getting worse in the last few months. My security try and absorb most of the abuse but whichever staff member is working the

door is lucky to escape verbal threats on a Friday and Saturday night from the numerous people that we do not let inside.

The vomiting and urinating that you speak of may or may not be our customers, if we saw that then they would be not allowed back in and we would clean it up immediately but that alleyway is a problem generally for drug dealing and the like plus people that we turn away often just tend to hang around, they are probably more likely to be the people urinating than our actual customers unless it is happening after we close but we will redouble our efforts to get the area clear after we have closed although these people sometimes tell us that we have no right to tell them to move from the pavement.

It might be worth speaking to your colleagues at Camden about the bench outside Grange Park opposite us as there are always street drinkers there at all hours and that adds to the problem of people dispersal.

I spoke to WPC Priyanka Kapoor about the fight earlier today, it is the first that any of my staff knew but we are pulling off CCTV to that effect for her today. Sam will pull off that CCTV for you and let you know when ready.

thanks
John

Dear John,

I have received a complaint regarding customers from your premises. The complaint suggests that you have 'lock-ins' and customers leave your premises at 4am. I have advised that you are licensed until 4am on a Friday and Saturday only, however with this in mind there are still a number of concerns that have been raised relating to anti-social behaviour and nuisance from your patron during closing time.

- This weekend, in the early hours of the morning **Saturday 4th/ Sunday 5th June 2016**, it has been alleged that a male was attacked.
- Customer have been causing a nuisance by vomiting and urinating in the side alley (Drakes Court Yard NW6 7JR).

I am requesting to view the CCTV of your premises from last weekend and the weekend before between the hours of 3:30am- 5am from inside the main dance floor area and the outside entrance in order to observe the activities and SIA management of the premises.

I will need this ready for collection by **Tuesday 14th June 2016**.

If there will be any issues in obtaining or uploading the footage to a USB stick, please contact me as soon as possible.

Regards
