Subject: RE: a few bits - Goodship

Dear John,

Thank you for your email. It is unfortunate that your system isn't working as it should be in order to pull off the requested weekend. In this instance it is ok for us to accept a weekend before or after the date requested, as it is to get an idea of how the premises runs on the busy nights. However it is imperative that this is corrected immediately because if a serious incident took place the local authorities and Police would need to see the exact weekend/date/time requested. If this would not be available upon request you would be in breach of the following licensing condition:

1. CCTV shall be installed and maintained in a working condition.
2. All CCTV recordings shall be kept for 31 days and shall be made available to police and licensing officers if requested.

Please ensure that the equipment is checked everyday before opening and at closing to make sure that it is running correctly.

Kind regards

Lavine Miller-Johnson
Licensing Officer
Planning, Transportation & Licensing
Brent Council

I am copying in Lavine and Esther from the council and also Jay from the CCTV company. Jay, any idea? We urgently need this for a licence review at The Good Ship. Esther/Lavine, is there an alternative weekend we can pull off in case this is somehow unrescuable?

So, I have been going through these files all day. I have got the 8th/9th and the 22nd. The files for the 1st and 2nd keep coming up with "no files found".

Anyone got any idea why this is as this has never happened before and I'm unsure what to do? I have a suspicion that someone might be turning off the CCTV system at the wall. We need to make sure that no one Sound Engineer/Dj/Barstaff is turning off the CCTV plug because then we have no footage to show.

John, if you know of this happening before that would be great and I could call Manuele (who I believe installed the system?) as he might know.

If not, is there another footage that the police might need me to burn for them?

ta lads, yes the other one is top priority, I was going to deliver it but if not available til Monday someone will probably have to deliver it or be at the bar for them to collect.

Yeah, that no problem the system is just a lot slower than in guessing it should be so I will have to set aside time for it.

What is the CCTV footage needed from last weekend?

On Tuesday, 26 July 2016, John McCooke <[REDACTED]> wrote:
its about 4 hours on 4 nights right? Get that one done before the one from last weekend please mate.

On Tue, Jul 26, 2016 at 10:01 PM, Samuel Williams <[REDACTED]> wrote:

Ok, I will have to do it tomorrow! Will take a couple of hours to download as they are asking for a lot of footage and it's probably not best to start downloading footage on the strewn behind the band ha.

Is there a specific area of the bar that they want? Or just all of the footage of
all of the cameras?

I will get as many done as I can tonight, the burning takes forever as it is a
rubbish system, If not complete I will go in tomorrow morning and finish up!
