

Annual review of Councillor Daly

I submit the following review as activities I have participated in as a councillor over the Municipal Year 2010/2011.

Please continue on separate sheets if required.

Local ward work:

I have prioritised working with individual constituents to address their needs by conducting monthly doorstep surgeries.

I have concentrated on improving the physical environment by working with officers to ensure street care commitments to residents are honoured, engineering repairs are promptly carried out and fly tipping is promptly dealt with.

I have worked with Police Community Support Team to combat drug dealing and antisocial behaviour. I have worked with officers and fellow councillors to ensure that ward working is allocated to best benefit the local community

Surgeries held:

I have maintained my surgery on the first Saturday of each month at Sudbury Methodist Church.

Council meetings attended:

I have a good record of attending council meetings as well The Planning Committee and Health scrutiny Committee of which I am a member.

Community meetings attended:

I have attended all meetings as police panel, Wembley Area Forum, some meetings of Brent Allotments Forum local resident's associations meetings, public meetings organised by residents.

Work in respect of which a special responsibility allowance is paid:

I have a good record of attending Planning Committee and attendant commitments such as site visits. I have attended Health Scrutiny Committee. I have prepared for such committees by ensuring I have read all papers and liaised with officers where necessary prior to or after such meetings.

Participation in outside and governing bodies:

I have supported the setting up of local residents associations

Training events attended:

I have attended training events where I have identified gaps in my knowledge. I have also arranged briefings with officers where training was not available or convenient.

Other achievements throughout the period:

I have supported a local campaign to save a much valued local allotment.
I have worked with the police and local residents to stamp out paan spitting.
I have worked with residents to retain a local bus stop.
I am working with residents to ensure that Betting Shop licences have accountable conditions and that antisocial behaviour associated with betting shops is monitored and addressed.
I have supported Sudbury Neighbourhood Centre.

Form completed on: [date] 21st June 2011.
