Hello everyone,

Thanks Michael for your feedback but I'd like to object to your recommendation and give you some more information regarding my application:

We're looking to offer our takeaway customers ordering food via Deliveroo and UberEats either a selection of two beers (Moretti 33cl 4.6% and Peroni 33cl 5.1%) and a red or white bottle of wine (75cl 12%) selling at £4 (Beer) and £20 (Wine)

I've checked a few surrounding companies that offer alcohol via Deliveroo and UberEats in the NW2 & NW10 area, including the sale of spirits above 40%.

Here's a list of a few establishments that currently offer sales of alcohol via the two delivery companies, in the very same area RUBIO is located.

The Whippet Inn
Mezzoroma
Beer+Burger
Jack's
Drink Supermarket
Singhsbury's Superstore
Bevy Portobello Market
Comptoir Mezza
Borough Wines
Firezza
Thai Rice

I've contacted both the delivery companies regarding how they check/control the ID/age checks, and this is the response they've given me:

"The safety steps we offer is the challenge 25 policy. The driver must ask the customers for identification to prove that they are **over** the age of 18 and can lawfully purchase alcohol."

Please let me know your thoughts.

All the best
Max
