Morning,

The Noise Team have consulted on the TEN and have not made any representations to the application.

Kind Regards,

Vanesha Seegoolam
Administration Officer
Planning, Licensing & Transportation
Brent Council

Hi
Did the noise team make representations to this TEN as the past complaints appear to be linked to noise?
Nicola

Morning Tom
I am unable to recommend a door supervisor company, however if you visit the security industry authority website, there are lists of companies.
Unless you (personally) are registered with a non front line door supervisors badge, you cannot employ a door supervisor directly, it must be through a registered company.
I look forward to hearing from you.
Nicola

Hi Nicola

Not having much luck as to door security a company called doorman but they could not help me as they don't have anyone available. I am waiting for someone else to come back to me. When you say risk assessment is that for the venue ?. I have had a risk assessment done and have had all the work carried out. Can you recommend anybody for door thank you.

Section D question 5 ... full risk assessment has not been completed.

By taking away one hours of supplying alcohol does not take away the risk associated with such events with such large numbers.

Do you personally know the persons making the bookings?

Nicola

What if the event will finish at 12 midnight would that make a difference as to having door supervisors.

Tom

Morning Tom

Thank you for re-sending the form.

You indicate there will be approximately 100 guests for each event. These family style evening functions can be fraught with issues. In line with other premises that conduct late night licensing activities and to uphold the licensing objectives, Police request SIA door supervisors employed for these events.

I look forward to hearing from you.

Nicola
