

17-19 High Street, London, NW10 4NE

Online Rep 01

This license must not go through. It will create yet another place for delinquents to gather fostering Crime & Disorder in Harlesden. It will go against every one of Brent's four licensing objectives.

Online Rep 02

I am personally am very concerned about the opening of this venue and issuing of an alcohol license. This area is a very high crime area and the sale of alcohol will further create more problems. In addition, noise and disturbance will increase, parking mayhem, and more anti-social/crime behaviour will spill onto on the neighbouring residential and high streets. Music has already been heard playing extremely loudly as has been recounted to me by a few residents. In addition, the owners/managers daily flout the laws in allowing their delivery motorcycles to park on the pavement and the illegal signage above the shop. The high street is already a no-go zone in the evenings due to the high level of drugs and crime, allowing yet another venue such as this to open will invite further disruption to our streets. Do we need more venues that attract even more Anti-Social Behaviour in Harlesden?

Online Rep 03

This objection relates to the following 1, 2, and 3. At the present moment in time One Stop attracts antisocial behaviour in the form of drugs being smoked directly outside the premises by both restaurant staff and the riders whilst waiting to deliver the food. This I witness on a daily basis. Furthermore, the riders flagrantly disregard any highway code/road traffic act requirements, for example riding on the pavement, and making illegal turns into Crownhill Road. I am concerned that granting a licence to sell alcohol will allow more people to come to the place, double park and increase anti social behaviour that will have a direct impact on us residents. Even now without the licence my family and I feel intimidated as we walk past the place from the staff / delivery riders. Harlesden already has an issue with the street drinkers, and alcohol related incidents. This will be another place where alcohol can be bought and it will only encourage further drinking and anti social behaviour which is not needed within the town centre and Harlesden as a whole. I object to a licence being granted there.

To Whom it might concern, Hope to find you well. I am sure I'm not the only Brent resident that believes more alcohol and late night licenses is exactly what Brent does NOT need. I believe we have, as it is, enough anti social behavior and drunken people in our streets at all hours of day and night and there is no reason to make the situation even worse granting licenses to business to increase the problem further. Brent streets are perilous enough during the night and I beg of you to take measures to restrict and limit the consumption of alcohol in this Borough rather than approve any further licenses. Also consider the noise issues this new license will cause to neighbours of the premises, and the extra rubbish left in the streets from drunken customers. We simply do not need one more problem causing premises at all. Please decline this license for the betterment of the Borough. More establishments such as this is what we really DO NOT need.
