

Lezziz NW2 – Public Rep 9

I'd like to object on grounds of public nuisance and risk of crime. In light of residential buildings opposite, and in the context of other businesses on the road, midnight would be a much more reasonable hour.

Lezziz NW2 – Public Rep 10

We already experience a lot more litter and late night noise due to the number of food establishments and having a liquor license and very late opening hours will only make this worse.

Lezziz NW2 – Public Rep 11

The late hours will cause disruption to the local residents. The bright lights have already posed a nuisance and the litter that comes from Lezziz is unacceptable

Lezziz NW2 – Public Rep 12

This is too late for a residential area. This is more like a night club. The streets are already filthy and this is totally unreasonable and only about making Money not serving the local residents.

There are enough late night fights in the area already . Kebabs and alcohol at 5am usually only mean one thing. My partner is scared at night. The public noise nuisance - cars revving loudly all night, throwing tons of rubbish out of their car windows after eating at Leziz's is already a terrible mess. This is not appropriate for a residential area. My partner and I object strongly.
