1.0 Purpose of the Report

1.1 This report updates members on the committee's work programme for 2018/19 and lists scrutiny activity which has taken place outside committee meetings.

2.0 Recommendation(s)

2.1 Members of the committee to discuss the contents of the report, including updates about scrutiny issues outside of committee meetings.

2.2 Members of the committee to agree the committee's work programme for 2018/19 as set out in Appendix A.

3.0 Detail

3.1 Members of the Community and Wellbeing Scrutiny Committee discussed their work programme for 2018/19 earlier in the summer. The programme sets out what items will be heard at committee and which items will be looked at as a task group, if it is agreed.

- 3.2 For operational reasons it may be necessary to move items to be heard at a particular committee. In addition, members and co-opted members can at any time suggest an item to be looked at during a committee meeting, which provided it is agreed by the chair, would mean the work programme changes.
- 3.3 Following the committee meeting in July, Councillor Sheth wrote to the Head of Immunisation at Public Health England about immunisation and measles. The letter and response are attached with this report as Appendix B.
- 3.4 In the work programme for 2016/17 members of the committee looked at the issue of air quality, as part of a workshop outside committee, and fed into the consultation about the new Air Quality Action Plan 2017-2022, which was agreed by the Cabinet in November 2017. The chair of the Community and Wellbeing Scrutiny Committee has now asked for details about what progress has been made in implementing actions around public health. This will be recorded in the update report which will go to committee on 28 November.
- 3.5 The chair of the committee wants to convene a special scrutiny committee to discuss the proposals for the London Borough of Culture. This will be on a date to be decided, but is likely to be in December 2018. Members will be notified as soon as the date is agreed.
- 3.6 Members of the committee have noted that London North West Healthcare NHS Trust, which oversees Northwick Park and Central Middlesex Hospitals, has received a Requires Improvement rating from the Care Quality Commission in a report which was published on 31 August 2018. Although many patients will live outside the London Borough of Brent, members will want to consider the latest CQC rating and how they can scrutinise the Trust's performance.
- 3.7 As part of the proposed work programme it is suggested that a task and finish group is set up to look at the issue of childhood obesity. Because the task group on contextual safeguarding will be discussed at committee on 8 October, the next task group will start and finish later on during the 2018/19 municipal year.
