**2. Briefly describe the aim of the service/policy etc? What needs or duties is it designed to meet? How does it differ from any existing services/policies in this area**

Brent Council is the licensing authority under the Gambling Act 2005 (the Act) and is responsible for granting premises licences for gambling in the Borough. The Act created the Gambling Commission as a national regulatory body to enforce stronger gambling regulations. S.349 of the Act requires the council to publish a statement of the principles that it proposes to apply when exercising its functions under the Act. This statement must be published every three years. The statement must be reviewed from time to time and if the council thinks it necessary in the light of a review, revise the statement and publish any revision of it before it comes into effect. The council is required to consult widely on the statement and any revision of it. The Statement was last revised in 2015. Brent Council has reviewed its Statement of Principles and undertaken a public consultation exercise in order that the latest version can be agreed by the Full Council in November 2018 and published in January 2019.

Consultees included the chief officer of police, one or more persons representing the interests of persons carrying on gambling businesses in the authority's area, and one or more persons representing the interests of persons who are likely to be affected by the exercise of the authority's functions under the Act.

Activities covered by legislation and this policy include:

- (a) The licensing of premises where gambling activities are to take place by issuing *Premises Licences*
- (b) Issue *Provisional Statements*
- (c) Regulate *members' clubs* and *miners' welfare institutes* who wish to undertake certain gaming activities via issuing Club Gaming Permits and/or Club Machine Permits
- (d) Issue *Club Machine Permits to Commercial Clubs*
- (e) Grant permits for the use of certain lower stake gaming machines at *unlicensed Family Entertainment Centres*
- (f) Receive notifications from alcohol licensed premises (under the Licensing Act 2003) for the use of two or fewer gaming machines
- (g) Issue *Licensed Premises Gaming Machine Permits* for premises licensed to sell/supply alcohol for consumption on the licensed premises, under the Licensing Act 2003, where there are more than two machines
- (h) Register *small society lotteries* below prescribed thresholds
- (i) Issue *Prize Gaming Permits*
- (j) Receive and Endorse *Temporary Use Notices*
- (k) Receive *Occasional Use Notices*
- (l) Provide information to the Gambling Commission regarding details of licences issued (see section above on 'information exchange')
- (m) Maintain registers of the permits and licences that are issued under these functions

The Council exercise its powers of compliance and enforcement under the Act in partnership with the Gambling Commission and other relevant responsible authorities

The existing policy sets out the general approach the council will take when considering applications for licences. The Act provides a clear focus on the three licensing objectives which are:

- (a) Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime;
- (b) Ensuring that gambling is conducted in a fair and open way;
- (c) Protecting children and other vulnerable persons from being harmed or exploited by gambling

This draft Statement of Gambling Principles has been updated using the Gambling Act 2005 which remains unchanged together with the latest guidance issued by the Gambling Commission to local authorities.

Gambling operators are required to produce robust risk assessments using local area profiles to minimise gambling related harm. Local Area Profiles such as deprivation index, unemployment, hostels, housing, pay day loan shops, schools etc. for Brent have been introduced which includes interactive maps for gambling operators to use in order to produce their risk assessments.

Where areas are identified as posing a significant risk of gambling related harm to individuals but especially to children and vulnerable adults, any new operator will be asked to consider relocating their premises to a more suitable location. Examples of such areas include Wembley High Road, Harlesden High Street, Kilburn high Road etc., which have high footfall as well as those near supported accommodation, addiction treatment centres. This is not an exhaustive list as other factors also affect gambling related harm.

**3. Are the aims consistent with the Council's Comprehensive Equality Policy?**

This policy is consistent with the Council's aim to ensure that the services we provide are relevant to the needs of all sections of the communities. The proposals are not expected to adversely affect any of the protected equalities groups highlighted in this assessment.

**4. Is there any evidence to suggest that this could affect some groups of people? Is there an adverse impact around race/gender/disability/faith/sexual orientation/health etc? What are the reasons for this adverse impact?**

The Council recognises that many people enjoy gambling as part of their entertainment, leisure and sporting activities from which economic and social benefits arise for businesses. Appropriately licensed and regulated gambling should help to exclude illegal gambling. Gambling creates employment in the borough, but it also presents risks to children, vulnerable adults, existing problem gamblers, and in certain circumstances being the cause of crime and disorder.

Most of the gambling establishments are owned by large businesses. There are very few owned by people from the disadvantaged groups, although they account for a large proportion of users. We will continue to monitor gambling operations to detect any adverse effect on these groups.

The Council in its role as licensing authority recognises the importance of its decision making process, the input of all stakeholders, and the application of this Statement of Principles in relation to the Gambling Policy to deal with the competing interests of business and local communities. The Council will therefore seek to strike a balance between the different aspirations and requirements of businesses, local residents and the many visitors to the borough
