Many thanks for this. 1st as I said Khalifa lounge moved out from the premises. We are the current tenant and applied for Alcohol and live music licence. We did everything on legal way and we do respect our neighbours. Despite that the area is mixed between residential and commercial buildings. We agreed with council departments to not have any music outdoors. And to have security guards to facilitate and protect our customers and neighbours from any noise or disturb.

We don't do any shisha products and as I said Khalifa lounge moved now.

If anything else we can discuss. You more than welcome.

Best regards
