

Dear Angela/Robert,

Please find attached updated amendments to my representation based on what the Licensing Authority are happy to accept.

To confirm, the Licensing Authority insist the following:

- the rear smoking area not to be used, therefore DSA to be facing Neasden Lane and restricted to 5 people at all times.
- Regulated entertainment and similar activities to be removed. This applies to non-standard timings. If applicant wish to apply for other licensable activities for special occasions, this can be done via TENS.

Kind Regards

Esther Chan

Subject: RE: Sally's revisions to application and conditions

Importance: High

Dear Esther, Nicola and Mr Pearce,

I do not have an amended plan to submit in relation to the rear area and therefore I have deleted reference to this in the conditions. This will mean that the only smoking area is the designated smoking area as defined in the licence to the front of the premises. I have revised this to 5 as agreed. I would ask that this number restriction come into effect after a specific time. I would suggest 22:00 hours rather than all day. 6 or 7 smokers at the front of the premises at 14:00 hours should not be an issue on the High Street?

In respect of the toilet checks this has been amended to "at least every 2 hours". This enables a check to be made at less than a 2 hourly interval without breaching the condition. Without this wording if the check was carried out at 1 hour 50 minutes, there would be a breach.

Before going through all the remainder of the conditions I have deleted reference to any additional hours for non-standard times save for 2 instances New years eve from 23:00 to midnight and St Patricks day from 23:00 to midnight. This will bring the regulated entertainment hours into line with the sale by retail of alcohol hours on these two days.

Condition 2 has been amended to reflect that alcohol will only be consumed on the premises. Signs will be displayed to inform customers.

3 deleted as replaced by licensing condition F.

4 – 17 unchanged

18. door supervisor conditions deleted as there are now no occasions when they apply as there are no occasions when the licensable activities go beyond midnight.

21 amended to reflect the last admission of 23:00.

The public safety officers conditions are agreed and a capacity specific assessment is attached.

The Licensing conditions are amended as agreed. The only additional issues are as mentioned at the start of the email.

Hopefully, these 2 latter points may also be agreed which will resolve all issues.

Should there be any questions please do not hesitate to get back to me.

Best Regards
