Dear sir/madam,

RE: Jackman's Off licence review, case ref 2019-2077.

I am writing this letter to give my opinion about jackman's off licence.

I am the regular customer of western union in jackman's off licence. I visited jackman's off licence on 01/08/2019 around 8.30am to use western union service. On that time, I noticed that the alcohol shelves are empty but at the same time I noticed some people drink the strong beer Infront of the casino.

I strongly not agree with your notice because when they are not selling the alcohol still the drinkers are buying the alcohol in other shops on that street.

I think you can't find the actual criminals for this problem and blaming the innocents. I believe these problems are caused by the homeless people who living in that street. Please try to find the actual reason for the crimes and solve the issues do not blame the innocent to make your work easier.

Please find the attached images related to this issue and the evidence that I used western union service on that day in jackman's off licence.

Yours faithfully,
